

PART-TIME INTERNSHIP

WAGE: \$16/hour

WORK HOURS: Varies

START DATE: Immediately

The Yorkville-Bristol Sanitary District (YBSD) is seeking qualified applicants for this employment opportunity. YBSD is an independent municipal corporation that provides wastewater transportation and treatment services for Yorkville, Illinois. YBSD service boundaries currently encompass 10+ sq. mi. and wastewater enters the 3.62 MGD rated WWTP via 14.3 mi. of interceptor sewers.

NATURE OF WORK:

This internship is designed to offer learning opportunities to undergraduate students in an engineering or related field of study that includes field measurements, data collection of YBSD interceptor sewer manholes, technical duties updating GIS, and miscellaneous administrative tasks.

TYPICAL DUTIES:

- Locate and survey manholes; identify buried manholes
- Input data into GIS system; maintain GPS and GIS-related equipment.
- Miscellaneous wastewater treatment plant duties (may include general housekeeping such as landscaping, grounds, custodial, and miscellaneous upkeep).

REQUIREMENTS:

- Currently enrolled in an accredited college or university in an engineering or a related field of study.
- Ability to survey and take accurate field measurements.
- Ability to work alone in the field and with others.
- Able to perform moderate physical tasks including: digging, lifting, climbing, etc.
- Understanding of GIS systems and ability to input data.
- Authority to work in the U.S. and has a valid IL driver's license.

Resumes and other supporting documents may be included with the application, but will not be considered in lieu of an application. Interested candidates are encouraged to download the Employment Application at www.ybsd.org and submit a fully completed copy via email or hard copy:
